

VOICE LESSONS FOR CLASSICAL SINGERS AND MUSICAL THEATER

1h - \$90

Who should sign up?

- advanced in-career singers wanting to refine their instruments.
- singers who are preparing a role to debut in an Opera House.

Focus on:

- Basic and Advanced Vocal Technique. Diaphragm work, voice placement, *squillo*, chiaroscuro, belting, body and sound connection, and many others.
- Vocal Refinement for advanced singers. Are you an already trained singer with bad habits or who wants to get back to singing after pausing? You are in the right place.
- Arias and Roles coaching. Are you part of a theater company and you have been hired to sing a role? We will dissect it together and master it both vocally and dramatically.
- Repertoire Consultation. If you are struggling to find the songs and roles suitable for your voice or determine your *fach* (soprano, mezzo-soprano, tenor, baritone, bass?) I will help you with that!
- Audition Package Prep. We will craft a strong audition package tailored exclusively on yourself, that enhances your vocal skills and represents yourself as an artist.
